In a coastal location with amazing local surroundings, we aim to develop, among other things, some 150,000 bright square metres of BTA for housing production at an entry value of slightly more than SEK 3,000 per square metre. This provides conditions for affordable and attractive housing", says Patrik Hall, CEO Heimstaden.*

*"Profit from property management for the quarter grew as expected given the acquisitions of the past 12 months. We are also seeing a continued positive value trend in our property portfolio in all geographical segments", Patrik Hall continues.*
